

Greenbriar work will start any day

NEW LENOX — It is only a matter of days now until construction formally begins on Phase I of the Greenbriar subdivision.

Levitt Residential Communities Inc., developers of Greenbriar, finally realized the sweet taste of victory Wednesday when the New Lenox Village Board unanimously approved the final plat for the planned unit development.

An annexation agreement between the village and Levitt was signed Dec. 15, 1971. In the intervening months mounting controversy and opposition by village residents has seen the continual delay of the project.

Holding up the building had been lack of a favorable recommendation from the New Lenox Plan Commission to have the Greenbriar area zoned as R-3 with the variation for the planned unit development. Fighting such a recommendation was an ad hoc residents' committee called the Concerned Village Citizens (CVC).

As the CVC raised points of opposition, the plan commission proceeded in an attempt to bring Levitt's construction plans into agreement with CVC demands. The final stumbling block to approval had been a demand by Lincoln Way Community High School Supt. Joseph Kruzich that Levitt make a financial contribution to the high school based upon the cost factor of educating the students which would result from the development. When Levitt finally agreed to make such a contribution at a plan commission meeting of June 19, the commission members proceed to recommend the R-3 zoning.

At Wednesday's village board meeting, plan commission chairman Louis Leobe detailed the various stipulations which Levitt must yet fulfill. He indicated that the developer has agreed to meet each.

Levitt spokesman Ken Campbell said the developer will begin construction within a week to 10 days of Wednesday's approval. Phase I will see the construction of 62 single dwellings and 172

quadruplexes. Campbell said construction would take nearly two years.

Some questions were raised by the board members regarding the homeowners association which Levitt has proposed for the area. According to the village legal council, maintenance of the Greenbriar area was the responsibility of the association. He indicated that the private streets and properties of the development could not be turned over to the village for maintenance unless a request for such was made by the association members and the village board approved such a request.

In other board action, Rich Snyder, as a spokesman for developer Martin Flanagan, asked the board why Flanagan's request for C-2 zoning on his property south of U.S. 30 and west of Cooper St., had not been approved.

Flanagan has requested the zoning for construction of a convalescent home. At a meeting on June 5, the plan commission voted to recommend the rezoning to C-2. At that time Flanagan had explained that such a zoning was necessary in order to receive federal financing for the home.

A resident of the area close to the proposed convalescent home quizzed the board as to what else could be constructed under such zoning. He appeared specifically concerned about the possibility of construction of either a tavern or a gas station on the property. Both are permitted under C-2 zoning.

At this point, village president Joseph Hartung admonished Snyder for serving as spokesman for Flanagan. Hartung expressed worry that Snyder's involvement was a possibly "conflict of interest" due to his position as village building inspector. The board agreed to discuss the matter further in closed session.

Joe Davies, chairman of the CVC group, rose to thank the board for its consideration in listening to the protests of village residents during the period of controversy involving approval of the Levitt building

plans. Davies said the residents had appreciated the opportunity to work in harmony with the village fathers for the betterment of the village.

Woman flees flaming auto

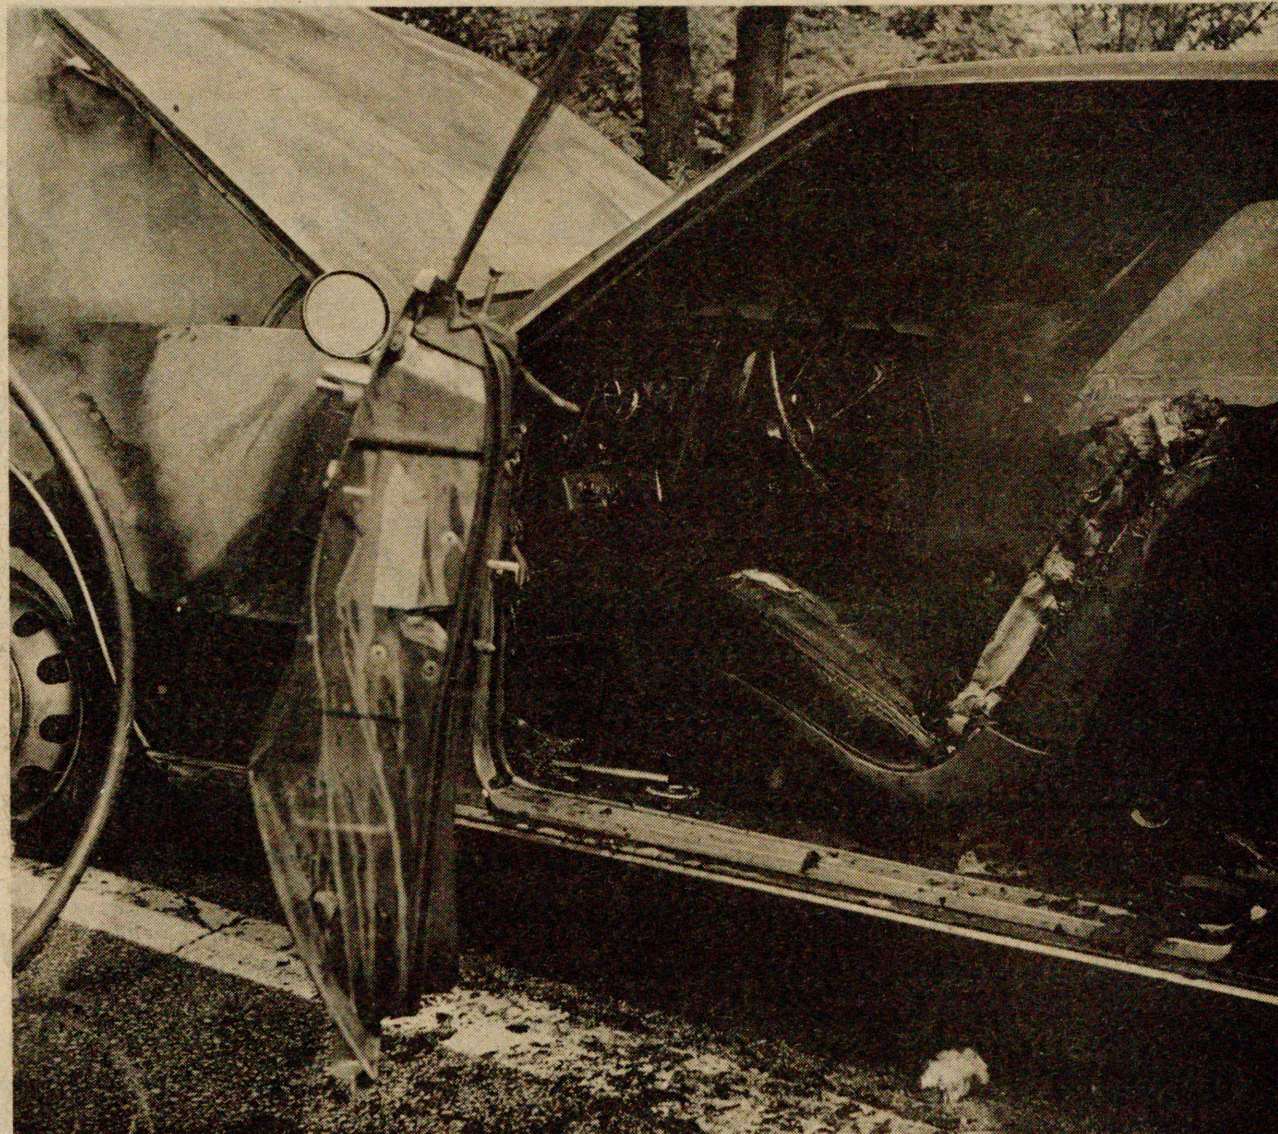

MOKENA — An auto driven by Beverly Sitar of 19 Independence Ct., Joliet, suddenly burst into flames Friday as it was traveling west on U.S. 30.

The New Lenox and Frankfort volunteer fire departments responded to the fire call at approximately 10 a.m.

Mrs. Sitar stopped the auto, a 1966 Oldsmobile Toronado, approximately one mile east of Wolf Rd. and escaped without injury. The auto appeared completely destroyed by the blaze.

While firemen extinguished the blaze, traffic was halted on Rt. 30 for at least one mile in each direction. An Illinois State Trooper and police from New Lenox and Mokena assisted in the directing of traffic.

No cause was listed for the fire.

Luckily, Mrs. Beverly Sitar of Joliet was unhurt last week when her car burst into flames. No cause was given for the blaze, which totally ruined the car.

Water system nears completion

NEW LENOX — In response to questions asked by prospective users of the New Lenox water system now nearing completion, Village Clerk Marjorie Waichert has sent out instructions as to the procedure to be followed.

Meters will not be available until after July 15, at the village hall, 201 N. Church St., but prospective users can go ahead with the installation of service lines from the property line to their buildings.

The following points were outlined:

- *1 — A depth of at least four feet is suggested for the line.
- *2 — Three-quarter inch Type K copper tubing is to be used. (No plastic.)
- *3 — The trench must be left open until inspected by the man appointed by the village.
- *4 — At least three-days' notice of desired inspection should be given. Such requests may be directed to the village hall, telephone 485-6452.
- *5 — A valve is to be installed at the

meter end of the line.

*6 — Meters may be picked up at the village hall after July 15 at anytime between 9 a.m. and 4:30 p.m., Monday through Friday and 9 a.m. to noon on Saturday upon payment of any balance due. At the time of meter pick-up, arrangements can be made for the Village water superintendent to check out the meter and remote control.

"Persons may install their own meters, but inspection of meters must be made."

Mayor, trustee to resign Aug. 1

NEW LENOX — In a surprise move, Village President Joseph Hartung and Trustee Earl Schroeder announced Wednesday that they are resigning from the village board effective Aug. 1.

In letters of resignation, read at the close of Wednesday's board meeting by Village Clerk Marge Wajchert, the pair listed business and personal reasons for the decision.

Hartung is serving his second term as village president. He was unopposed in

his April 1971 bid for re-election.

In the same election, Schroeder was chosen for a second term on the board.

A lifelong resident of New Lenox, Hartung is co-owner of Braun Sales in the Lincoln Way Shopping Center. Schroeder is owner and operator of the Standard Oil Station at Cedar Road and Route 30.

During his term in office, Hartung was instrumental in securing a water system for the village. Other accomplishments

during his administration include the approval of the Greenbriar subdivision and the Lincoln-Way Communications Center.

Schroeder has served as police commissioner. He headed the drive for the police communications center which went into operation last year.

According to the village clerk's office, a special election may be held to fill the vacancies. No definite plans have been made, however

Tax protest forms available

JOLIET — Kent Bosworth, Will County treasurer, announces that he has forms at his office in the courthouse for individuals who wish to pay their 1971 personal property taxes under protest.

The protest forms apply only to the 1971 personal property taxes payable this year. The forms may be picked up when the taxpayer pays his personal

property tax, Bosworth said.

All the personal property taxes lists haven't been published yet so the assessors' books have not been completed. All of the book work must be completed and final approval of totals given by the state before the county clerk's office can begin to establish the tax rates for each of the taxing bodies in the county.

Then the bills have to be made up and sent out. There has been talk that the bills may be ready in September but there is nothing definite on a date.

Bosworth said that under the law this is the only way a taxpayer can get a refund in case the U.S. Supreme Court upholds the 1970 referendum abolishing personal property taxes.

Gillettes planning reunion

MARLEY — The annual Gillette Family reunion will be held July 16 at the Halev Park in Marley.

Picnic dinner will begin at 12:30 p.m. All members of the family are urged to attend. Those planning to be in attendance are asked to bring their own meat dish.

Bookmobile visits area

MOKENA — The Bookmobile of the Bur Oak Library System is scheduled to visit the Arbury Hills area, according to arrangements made by the Mokena Library Board.

The Bookmobile is scheduled to visit the area from 10 a.m. to 3 p.m. on July 6, 20, and Aug. 3 and 17.

It will be located at the Summit Hills Grade School on Beechnut St. and will be

stocked with more than 1,000 books and a small selection of framed art prints and phonograph records. On its first appearance in the system, the Bookmobile will introduce area residents to the library service available.

Elaine Rechkeimer, Mokena librarian, will assist Bur Oak System Director Charles De Young on the Bookmobile. Aubury Hills residents will be able to borrow the materials at no charge.

In the event of rain, the picnic will be held at the shelter in the park.

Light fixture causes fire

FRANKFORT — The Frankfort Volunteer Fire Department responded to 9:50 a.m. alarm Thursday. Volunteer firemen were called to quiet a blaze at the residence of Charles Bobzin, 110 Ash St.

The fire reportedly began behind a light fixture in an upstairs room and spread up the wall and into the attic. The

upstairs room is part of an apartment occupied by Bobzin's son and family.

Firemen fought the blaze for 90 minutes before getting it under control. Damage was estimated at between \$500 and \$600.

The white frame building is located behind the Frankfort State Bank.

Schuelke rhetoric head

MOKENA — David Schuelke, formerly of Mokena, has been named head of the department of rhetoric at the University of Minnesota at St. Paul.

The appointment, approved at the June meeting of the Board of Regents of the university, includes a tenured appointment as professor of communications.

Dr. Schuelke began his teaching career at Lincoln Way Community High School, New Lenox. He is married to the former Judith Wheeler of Frankfort. They have three children.

Schuelke is a graduate of Northwestern University and the University of Illinois. His doctorate was completed at Purdue University, Lafayette, Ind.

He is presently on the faculty of Governors State University, Park Forest South.

The family will move to the St. Paul area late in the summer.

Jazz Junction Rutgers plan jazz conference July 3-8

Newark, N. J. Rutgers Institute of Jazz Studies is holding its fifth annual conference July 3 thru 8. Both jazz writers and players will participate. This is happening at about the same time the Newport Jazz Festival takes place (in N.Y.C.). Hopefully George Brunis (tail-gate tram-bon-ist) will not announce his retirement (from the stage) when he takes part in the Festival

... And the New York Jazz Museum opened its doors June 16 with an exhibition dedicated to Louis Armstrong. The museum, founded by the Hot Jazz Society, became a reality when it received a grant from New York State Council on the Arts. But to keep it going (besides accepting donations) the museum will operate a Jazz Store, with records, books, periodicals; anything pertaining to jazz, available. Address 125 W. 55th Street. Jack Bradley, managing-director

(Tribune) soon... Bill Tinkler will have to take time out from blowing his horn. He was hospitalized recently after his successful presentation of jazz and some of its best players at the annual jazz memorial for Boo Horner at Holland, Mich. One other player, returning from the same event, is recuperating from an operation. Drummer Hillard Brown will soon be back in action... And the Fathers Day Jam Session JIMMY D's was so successful that J.D. will continue the policy. So look for a happening July 16th... Meanwhile, OAK LAWN beats other communities to the punch with a jazz parade and Two-Jazz Bands Concert Friday, June 30. Starting from 94th and Cicero at 7:30 p.m. and playing their way through town, the concert then begins at the park districts field house at 102nd and Major. Yes, the Art Hodes group will participate.

Listen: Don Ellis-Tears of Joy... G 30927-Columbia (Stereo). Listening to this is an exciting experience. So much goes on. To begin with, there is a large orchestra; 4 trumpets, French horn, trombones, tuba, woodwinds etc. Four different arrangers scored the tunes. Talk about generating excitement! Ellis, besides playing a wild-type of horn blowing sits down at the drums. You got to give this cat credit because he's not only good, he's original. It all adds up to a listening experience. Don't miss it... This is Benny Goodman-RCA Victor... VPM 6040. Starting with the King Porter Stomp Benny takes you along with him as he records 3-plus years (35 into 39) of various groups he headed; quartets, big band; backing Ella Fitzgerald etc. The whole stick. It's a period piece. It's "the thing" of the 30's. For B.G. was the "King of Swing." Still he managed to remain commercially sound; salable. And this was considered a dance band (of course not the quarter tracks). For

you who were around then its also nostalgia. Very listenable.

Here, there, everywhere: Singer-guitarist Rev. Gary Davis made it to 76. He had a great message. He's well recorded; so dig him... Hotel St. Regis, N.Y.C. once a favorite place for society dancing, has gone jazz; Count Basie opens July 6-26. Buddy Rich, Woody Herman follow him.

And that's all she wrote. See you around...

Area 4-H Fair in New Lenox

SOUTH COOK COUNTY—The annual South Cook County 4-H Fair will be held July 13-15 at Fred A. Francis Field, located near New Lenox.

During the three day fair some 750 4-H'ers will exhibit over 2,000 projects exhibits in such areas as foods, clothing, arts and crafts, horticulture, rabbits, engineering, dog care and horsemanship.

Special features of the fair will be the crowning of the 4-H king and queen Friday, July 14, and the cake decorating contest and auction Saturday evening, July 15.

Judging of the exhibits will take place each day of the fair, and exhibits will be on display July 14 and 15.

Gifted reader, Madame Reina
ROUTE 30 (211th) AND HARLEM AVE.
FRANKFORT, ILLINOIS

These three girls made a stab at the Guinness Book of Records last week. Orland Park's own (from left) Carol Blank, Carol Mannering and Chris Blank struggled through Park Place, Marvin Gardens and an endless supply of Donny Osmond records on their way to the world's longest Monopoly game.

Monopoly mania! Record falls!

ORLAND PARK — The whole scene looked like the makings of a crap game, with the crumpled bills and chunky dice. But the stakes were high, and each person had \$400 under the board for safe keeping.

Up in the attic, perched on a fuzzy purple bed spread sat Carol Mannering, 13, Chris Blank, 13, and Carol Blank, 13, in a heated game, and each were flinging fifties and hundreds around as if the money were monopoly money.

For 22 1/4 hours these youngsters played monopoly, and the only thing they disliked about playing so long was "the orange juice mixed with coffee and cream" which Chris Blank complained about.

Why would three teenagers ever want to sit for 22 1/4 hours and play continual monopoly? "We wanted to do something worthwhile and fun," Carol Mannering said.

During their "fun" time, "vibes" from the radio were played, "The Three Dog Night," and "The Osmond Brothers" records were worn to a frazzle.

The girls liked monopoly above checkers or chess because the game lasted longer, and there was more of a challenge to it.

Playing 22 1/4 hours was inspired by the Blanks' brother who played Monopoly when he was 13, for 18 hours.

Unlike their brother, the girls were

serious about their game, and were intent on making it last as long as possible. The time set a world record for consecutive hours playing Monopoly.

Mother Blank was not as enthused as the girls concerning the marathon. "We had to talk her into letting us do it after we finished our work" laughed Carol Blank as she flung the dice on the board.

Around Carol Mannering's wrist was an elastic bandage, due to resting on her arm during the night. Even though a minor casualty, Carol Mannering was bright and cheerful, and ready to continue "for another 22 hours."

During the marathon, "eats" included spaghetti, pretzels, cookies, a gallon of orange juice, coffee, canned pears, and toast. Between giggles, the girls said they had spilled the orange juice on the floor twice.

During the entire marathon, Carol Mannering played a joke on Carol Blank by saving her friends were also having a marathon. Only towards the end did Mannering confess that she had spoofed Carol Blank into "beating" her friends by having a "competition."

The girls still remained high spirited, slightly tired, and wholly gung-ho. Would they do it again? "Yeah" seemed to be the most frequent response. Carol Mannering chimed in "Next we'll beat the teter-tauter or rocking chair record!" "How about standing on your head for two days?" Chris added cheerfully.

With the enthusiasm these three young ladies have, there is no doubt that every game record that was ever made will attempt to be beaten. And you know something? These spunky little spitfires just may do it too!

O.F. drug arrest

OAK FOREST — A 19-year old youth was charged with possession of Cannabis by Oak Forest police June 20. Charged was Frank Pioth, of 16032 S. Laramie.

According to police officer Ralph Pilot was outside of The Dunkin' Doughnut on 159th Street when he saw Pioth, place his hand under a counter to examine a package. When Pilot entered the drive-in Pioth dropped the package which was recovered by Pilot. The package contained a green substance which was sent for analysis.

HERALD Reporter Gertrude Gallagher recently spent a weekend bivouac with 5,000 army reservists at McCoy, Wis. This week Reporter Gertrude relates the flight to Voss Field in the "pompous bellied" Air Force C-130. Reservist Frederic Willhoit was flight engineer on the flight.

Off and flying

Enroute to Camp McCoy

By Gertrude Gallagher
(Part two of a series)

Watching the sun rise at Midway Airport is not one of my fun things to do. I had been up since 3:15 a.m. (after going to bed at midnight) preparing to be combat lifted with an artillery unit on maneuvers at Camp McCoy!

It was astonishing how different the men looked in their army dress as compared to the casual attire they wore at the previous night's meeting. How handsome they looked! Why didn't this adventure happen to me when I was 18 and single?

I looked different too. Army fatigues rolled up at the ankle, field jacket, fatigue cap held on with a hatpin, white sneakers on my feet and carrying my steel "pot" helmet! The Peanut Butter Kid would never recognize me.

Technical Sergeant Jerry Bielke, United States Air Force information officer who was to be the only female I would talk to for the next 48 hours, asked me to sign a paper releasing the United States, and particularly the Air Force, from blame in the event of accident or death.

Someone had said the planes that would transport us had been used in Vietnam. I thought of that, but it was either sign up or stay on the ground and wave goodbye as they sailed off into the sunrise. But it would have been nice if there were one of those flight insurance booths around.

The planes were huge pompous bellied 100-foot craft known as C-130 Hercules. Camouflaged olive green and cocoa they were capable of carrying 92 ground troops or 74 litters, if used as an ambulance. Divided into a flight station for a crew of four, and a cargo compartment by Chalk No. 1 plane would carry a ¾ ton jeep, a 5-4 ton truck, 31 people and two tons of supplies including C rations and toilet paper.

The pilot, Major William Schaeffe, USAF, an attorney from Des Plaines when he isn't flying reserve duty, briefed the men and myself on the field before boarding.

CAUTION I — When we debarked at Volk Field we were to run back away

from the aircraft whose engines would remain running, and not toward the propellers. Emphasis was placed on avoiding the propellers. Even when the engines were not running the air crew made a practice of walking all around a wing rather than the clearance under the propellers.

CAUTION II — Know where the "barf" bags are. Anyone who messed the floor had to clean it.

CAUTION III — "In the case of emergency . . ." I never heard what to do then because another C-130 was landing and blocking out the Major's words. But I had such confidence now in these professional men that I wasn't worried about any emergency.

The entire rear of the plane had opened like the mouth of a whale. The vehicles had backed up the ramps and were lashed inside. In a flash the men, who had lined up in two helmeted rows, one man for each seat on a side of a plane, boarded the plane on command on the run.

Everyone had a little plastic vial chained to his uniform. At first I thought it contained vitamins, but I found it was earplugs. Did you know ear plugs come in small, medium and large?

What flying I've done has been commercial airline which is like sitting in your living room with a T.V. dinner and a pleasant companion to talk to. A C-130 cargo plane has a purpose which doesn't include frills like food, hostesses or soundproofing. The earplugs were to soften the roar and whine of the four engines. Fortunately, I had brought a bottle of aspirin. I didn't need the aspirin, but the cotton stuffing it its neck makes great earplugs!

Everyone sat on red canvas webbed seats slung from the sides of the craft. They were surprisingly comfortable. No one talked because no one could hear with the earplugs. Occasionally lips would move at me and I'd smile and nod, not knowing what in thunder the person had said. The interior of the plane was a maze of pipes and metal fittings looking much like the inside of a machine shop.

Fastening of seat belts was something like looking for whose salad belongs to

whom at a round dinner table!

I must report the first six people on my side goofed, each one fighting for a matching set of belt ends and reluctantly giving an end to the next person when it became apparent he needed it.

Into the breach of seat belt confusion jumped a blond sergeant with mustache sharpened to points. He carefully laid two matching pieces of belt in the laps of the first five people. Then he sat in his, the sixth seat. Oh, how those mustache points quivered when he sought his two strap ends and found both were alike! In his absence seat No. 7 had picked up the wrong pieces to start the belting down the rest of the line.

Once off the ground we quickly rose to 10,000 feet — men, machines and toilet paper. I was invited to ride in the flight station with the pilot and his crew of co-pilot Major Harry Jamison, Navigator Major Donald Coghlan and Flight Engineer T. Sgt. Frederic Willhoit.

This was an unexpected thrill. I had thought this was a privilege reserved for hijackers these days!

The flight deck was paneled in wall to wall circuit breakers, dials, buttons, lights, throttles and a radar screen thrown in. I felt like Helen Hayes in "Airport." It was a while before I realized the radio conversation I was hearing through my headpiece was the crew talking to each other. It's hard to see lips move when you're looking at the backs of heads, you know.

Soon neither pilot had his hands on the wheel. Now I'm not such a boob that I didn't know it was on automatic pilot. But it is spooky to see a plane under control with a wheel turning left, right — forward, backward — and no one touching it.

Major Schaeffe was kind enough to explain the dialing system. One whole battery of dials were reduced by four in complexity when I learned it was set up in columns, one column for each engine. Clever, this Air Force! The main thing is that all four columns of dials have matching readings. Three engines going forward and one going backward could mean something — like Gertrude, you shouldn't have signed that release!

Air Force reservists fly C-130's in any emergency; such as riot control, Red Cross drops and food to isolated herds in the West in winter. Jamaica, New Orleans, Alaska, anywhere. Majors Schaeffe and Jamison, an electrical engineer, said they have to have very understanding wives and employers. But the two, somehow looking crisp and capable though dressed in jumpsuits, said they love to fly and find it no burden to chalk up the required reserve flying points in a month.

In 45 flawless minutes we were at Volk Field, Wisc., and in a record two minutes disembarked — men, machines and white sneakers. Buses and jeeps were waiting. No one walked through the propellers.

So it was "thank you and goodbye" to the Air Force for a while and Camp McCoy here I come.

As I sat with my life hanging on the one strap of the jeep I was in, peach scarf on my head, I realized my family wasn't even up for breakfast back at the old homestead.

(NEXT WEEK: "Draw the barracks" and then out to Fire Point 3 at Camp McCoy!)

District okays sewer bid

PALOS HILLS — The District 230 board of education Monday night approved a bid of \$94,650 by DiPaolo Construction for a 24-inch sewer line which will run from Carl Sandburg High School to tie with a Metropolitan Sanitary District Sewer at Southwest highway.

The board in approving the DiPaolo bid accepted the low bid from eight companies. The board had the choice of selecting 10 or 24-inch sewer line for the school.

Other bidders for the 24-inch line were: Hulett Corporation \$102,612.50; Alpha Construction, \$115,352.50; Suburban Pump, \$127,570.00; Fiorventi Construc-

tion, \$124,548.70; J. Marich & Sons, \$97,922.00; Bari Construction, \$96,470.00; and J. Burns Construction, \$114,408.46.

The board received as information reports from the deans of students at both Sandburg and Stagg on suspensions and detentions for the 1971-72 school year.

In other action the board: Accepted a low bid of \$1,895.76 from General Tire Co. for tires for the district. Accepted a bid from Ridge Oil Co., of .2125 for gasoline. Approved a bid of \$25,996 from the Union Linen Co. for towel service for the coming school year. The Union bid was not the lowest but was approved on the recommendation of superintendent

William Fisher, who said the district had had good service and a minimum of problems with the company service.

The board voted to have persons in outside swim activities provide their own bathing suits, but the schools will continue to supply suits for PE classes, swim teams and swim classes. The new policy becomes effective at the end of the present summer swim season.

Presently the schools supply suits for all outside swim groups using school facilities. The board gave the high cost of laundering the suits and increased thefts as two of the major reasons in changing the suit policy.

Fisher reported to the board the Bureau of Internal Revenue had ruled against the district in regards to the payment of retro-active pay prior to the president's wage price freeze, and that retro-active pay is now in the process of being distributed to district personnel. The board had voted previously to except any decision of the IRS in regards to retro-active pay.

An announced salary agreement with the district custodians precipitated the only lengthy of the night. The Salary agreement is only a part of an overall contract yet to be worked out with the custodial staff.

The new salary agreement which will go into effect July 1, does away with increment pay, which does away with the present salary schedule. Instead each employee will receive across the board increases, eliminating the present practice of an employee getting both an increment plus the upgrading of salary under the old agreement.

The agreement runs for two years. Under the new schedule a custodian with two year service would receive \$8,030. Utility maintenance personnel would receive \$8,630 and skilled maintenance personnel, \$9,338., and matrons \$6,450.

Fisher in urging acceptance of the new salary schedule told the board it would provide a considerable savings to the district and was within the present 5 1/2 percent guide line established by the federal wage board.

Fisher also said that the salary scale was below those of some other district. Strongest opposition in the new salary schedule came from board member George Strobel and board president John Daliege.

Strobel contended that the new salary schedule did not fall within the range of the 5 1/2 percent guideline, and told the board after a couple of months the custodians know as much about their job as they ever will, regardless of how long they work.

Daliege called the salaries "exorbitant." When Fisher told the board that many of the custodial help live in the immediate area and must meet living costs Daliege told the board "Anybody that can't afford it doesn't have to live here, you can't pass this cost on to your employer."

Palmer and Mrs. Joan Schilf cast the yes votes. President George Hilliard and board members Rosemary Larkin, Lidley, Betty Peterson and William Groskopf voting no.

Following the defeat Lilley said he felt the projects needed to be "better illustrated" and Mrs. Schilf noted that the particulars of the entire remodeling program had not been detailed since she had been on the board.

William Groskopf moved that the district proceed with the remodeling and the motion passed with a 5-2 vote. Palmer and Mrs. Schilf voted no with the other members voting affirmatively.

The board authorized Supt. Tompkins to sign the Life Safety Code Survey and submit to the state. He pointed out that Canterbury School was now in compliance and plans have been prepared for McCaughey School. These do not have to be done until 1975-76, according to the administrator.

The board approved a motion by Palmer requesting that the administration prepare a comprehensive report on the District 144's physical plants, maintenance and repairs which are needed, estimated costs, anticipated physical needs and that such a report be prepared on a yearly basis.

Budget authorization was given by the board. The tentative budget will be prepared by July 24 and the hearing and adoption of the budget will be Aug. 28.

witness, the police report states. The witness, also traveling north, said the Aucoin vehicle, in passing him, cut back sharply into the northbound lane and swerved. The driver, apparently lost control and the car went off the pavement and into the guardrail and then flipped end-over-end, landing upside down in a deep ditch.

Aucoin was employed as a truck driver and was a native of Nova Scotia to where his body is being flown for funeral services at Cheticamp. A wife, Mae, survives and also a sister in Canada.

Board delays remodeling

MARKHAM — Proposed remodeling at three buildings in School District 144 was approved Monday night but not until a motion to delay the work was defeated.

The work, which is mainly the removal of walls to facilitate the implementation of the ungraded program, is to be done in the Fieldcrest School in Oak Forest, Markham Park School and McCaughey School.

Assistant Supt. Robert Stadt in presenting the program pointed out that work would have to start in the near future to have it done for the start of school this fall.

Board Member Joseph Lilley questioned the "piece meal" type of remodeling instead of doing it all at once.

Board Member Fred Palmer moved that action be tabled and that the work be referred to committee for further study. "We have not sat down as a board and studied the complete five-year plan," Palmer said, in referring to the remodeling which needs to be done throughout the district to implement the entire ungraded program.

Markham Park's Principal Louis Freeman explained that by taking out two walls the school would gain three learning centers. "We think this is a sound step at this time and will facilitate our ILP," Freeman explained. Palmer's motion was defeated with a 2-5 vote.

Tinley man dies in crash

ORLAND PARK—Claude A. Aucoin, 43, of 16355 S. 76th Ave., Tinley Park, was fatally injured early Monday morning when his car went out of control and struck a guardrail near 153rd Street on Harlem Avenue, in Orland Park.

Following the crash Aucoin was taken to Palos Community Hospital in the Orland Park Fire Department ambulance and was pronounced dead on arrival at 12:25 a.m. Monday.

According to Orland Park police who covered the accident, Aucoin was alone in his car. The car was traveling north at a high rate of speed, according to a

Auto crash claims youth

PALOS TOWNSHIP — Daniel J. Presbitero, 18, was killed Monday evening at approximately 11:30 when his vehicle went out of control on La Grange Road just south of 123rd Street and struck a utility pole.

Presbitero of Palos Park was traveling north on La Grange Road when the accident occurred. He was alone and no other vehicle was involved.

Presbitero was pronounced dead on arrival at Palos Community Hospital.

Soapbox Derby July 15

This year's field, which includes three girls, has been busy building their cars and selling Soapbox Derby decals. Also, sponsors are still needed for some of the young racers.

July 7 is the date of the first car inspection. The final inspection will be held July 13-14, following which the cars will be impounded until racetime. All cars have rigid specifications; car and driver together cannot weigh more than 250 lbs. There are standard heights, widths and ground clearances for each car. Steering wheels are restricted to no more than two inches of play.

On Derby Day, Lamon Avenue will be closed to non-soapbox traffic. A starting ramp has been borrowed from the Palos-Worth Jaycees. Contestants' speeds will be clocked by radar.

Most of the junior racers are from Oak Forest or Tinley Park, although applications came in from communities much farther away. Earlier in the year, a Chicago daily newspaper's answer column printed that racing slots were still available in the Oak Forest event. The Chevrolet dealer and Jaycees were flooded with calls.

"We had one boy call from Kenosha, Wisconsin, who wanted to race," said Tom Bardusk, this year's Derby Director. "I had to tell him that Kenosha was just a little to far away."

A \$500 savings bonds and a trip to the Soapbox Derby finals in Akron, Ohio, in August will go to the winner of the local race. This year's hopefuls are: Robert and Tammy Frey, 1701 Leclair ave.; Brian Laschober, 16042 Ozark ave.; Mark McCoy, 5103 Elmwood rd; Mark Behrman, 6900 W. 176th st; Steve Grace, Blue Island; Randy Naughton; William and Mike Lundberg, 15625 Lamon ave.

Also: Thomas and Beverly Gooch, 15355 Michale ave; George Rikker, 15441 Betty Ann ln; Guy Smith, 15345 Boco Rio; Douglas Hansen, 15222 Kilpatrick ave; Douglas Reynolds, 5414 Aimee ct; Vic and Guy Ilg, 14819 Kilpatrick ave; Bob Campbell, 15219 Kilpatrick ave; Jeff and Joe Mossies, 15213 Kilpatrick. Also: Mike and Jeff Wilson, 14801 Menard ave; Peter Balsoni; William Duddleston, Chicago; Elizabeth Thorne, 15044 LaPalm dr; Ken Graniczny, 5038 W. 157th st; Dominic Vittucci, jr., Chicago; Chuck Lee, 5057 W. 157th st; Harry Graniczny, 14249 S. Major ave. and David Abramovitz, 5719 Lancaster.

"Big brothers" who are supervising the making of the race cars are Jaycees Jack Glidden, Jim Freebern, Lo Heinlein, Ernie Weyneth and Pete Balsoni. Jerry Dilley is race day Chairman; Mike Costa is Director of the July 16 Awards Banquet and Frank Toland is publicity director.

What can be done with refuse?

In eight to 10 months the Dea Pit, where the majority of the solid waste created in Southwest Cook County is dumped, will be filled. Communities must find another alternative for solid waste disposal or another landfill site.

In the second in a series of articles on the solid waste disposal problem HERALD Staff Writer Mary Straub outlines the various methods now in use or being considered for disposal of solid waste.

By Mary Straub
(Second in a series)

By 1980, roughly eight pounds of solid waste per day will be generated by each resident of the U.S., or 2,920 pounds per year. Municipalities are faced with the big job of whisking away the stuff, out of sight and out of mind of the average man.

The concern is, what can be done with the solid waste refuse, the bulk of residential and commercial garbage content? The processes being considered by specialists and engineers in the field, or shredding and landfill.

The sanitary landfill process has received much publicity of late, for the sites chosen seldom are agreeable to their neighbors.

LANDFILL involves the trucking of garbage collections to a site chosen and prepared for this purpose, and presumably carefully examined according to geological specifications which assure that water pollution will not be a side effect of the dumping and decaying process.

Said Jim Wahlman, editorial assistant of Northwestern Illinois Planning Commission (NIPC), "It was once thought that the selection of landfill sites involved a soil type problem regarding water pollution. We have discovered that heavy clay which is impervious to water, is plentiful in this region (Northeast Cook County)."

"Clay walls on land fill trenches and floors do not leak. NIPC engineers are very conservative and do not easily accept anything until thoroughly satisfied that it is relatively fool-proof."

The answer to the dust problems said to exist at the Dea pit on 11th Street and LaGrange Road, "Might be the shredding operation," said Edmund J. Sebastian, vice president of business development, P & W Engineers, Inc.

"When glass is pulverized, it returns to the soil. Papers are wet and become a pulpy mass; this is 'milled refuse.' Such an operation at Madison, Wis., is federally funded."

When refuse is milled, the resulting material can be used as landfill usually without an earth cover. The milled refuse does not scatter or become blown by the wind or create dust.

Long range plans for landfills often include recreational areas, and in Palos Township, a ski resort is slated to result from the landfill site being proposed for the 120 acres of forest preserve at McCarthy and Will-Cook Roads.

The landfill process involves refuse collection, frequently by private scavenger companies. The loads are compacted, shredded or incinerated (densified) and deposited in trenches which have been dug and prepared to receive them.

When a trench is filled, it is covered with a layer of dirt. As the trenches rise above the ground level the "mountain" begins to form from alternate layers of refuse and dirt covering.

The finished product is landscaped, and in Palos, i.e., is donated to the forest preserve district. Ideally, the community benefits; there is a depository for the tons of garbage collected and the residents can count on a future recreational area they might never have had.

A Geological Survey Report is available upon request. It recommends many sites, several in forest preserve areas; but often, land that is available and acceptable to the State is unacceptable to the public.

SHREDDING is done at Chicago's Goose Island Refuse Grinding Station located on a natural island in the Chicago River. The property is owned by the city, and handles the city's bulky refuse, which is discarded mattresses, furniture and appliances, and other large items.

Here, refuse is ground and the shredded material is then trucked to a nearby incinerator for its final processing. One truck can carry out what took several trucks to bring in.

When the refuse is first received at the Goose Island station, it is sorted according to metals, furniture and soft

materials. The metal is sold to dealers. The bulk refuse is put into a shredder and then incinerated. Dust is practically nil, but incineration creates some problems.

Said Wahlman, "On the basis of studies, all incineration produces some air pollution."

Fred Rohr, P & W Engineers, Inc., vice president in charge of pollution control projects, says, "Certain materials such as plastics emit hydrogen chloride when incinerated, but this is water soluble and can be removed with a wet scrubbing system."

"When materials can be burned completely, the resulting carbon dioxide is relatively harmless, although the atmosphere's tolerance to CO₂ is not presently known."

"Air pollution control of incineration is very costly," said Sebastian. He further commented, "The largest incinerator in the country is in Chicago. Its initial cost was approximately \$22,000,000. Its capacity is 1,600 tons daily and costs Chicago between \$12,000 and \$13,000 per ton."

As with the landfill operation, urban planners and engineers must find a suitable location for an incineration plant.

RECYCLING. What about it? Recycling is the use of reclaimed materials for new products. Optimistically, this process is the answer to our problems. Roughly 20 percent of the paper industry's materials are reclaimed wastes, saving many trees from the axe yearly. Copper, steel and lead scrap is similarly reclaimed to the tune of one half the amount of new mined metals.

Food wastes from restaurants, markets and institutions is recycled and used as hog food. Ecologically speaking, recycling is a beautiful solution; the environment is protected in many ways. But, actually and practically speaking, recycling, which is a relatively new and infant process, is not yet economically feasible.

"In Franklin, Ohio, a recycling operation is currently under-producing," said Dick Riley, Resources Planner, NIPC. "They are operating, but are down to 50 tons of refuse per day; the design plan for the Black Clawson plant is 150 tons per day. Also, only 15 percent of the raw refuse is recovered; that is not a good deal, because 16 out of each 50 tons should be recovered — this is 1-3 of the collection."

Recycling doesn't compare

Playgrounds now open

OAK FOREST — Registration is still available for the Park District's summer playground program. The program which began Monday, will run through August 11 at five playgrounds: Convent Park, Gingerwood Park, Tower Park, Fieldcrest Park and Friendly Oaks Park.

If sufficient registration is not received for any of the five planned playground areas, the program will be consolidated. Registration will be taken at the Park District office from 9 a.m. to 5 p.m. weekdays. The fee is \$3 for the first child and \$2 for each child thereafter.

The seven-week program will run from 1 a.m. to 4:30 p.m. Mondays through Fridays. Supervision of the areas is provided for these times with the exception of Independence Day and days of heavy rain.

Registration is restricted to children six years and older.

The program will include organized sports such as soccer, basketball, volleyball, football and track. Other activities will include archery, horse-shoes, table games, picnics, family nights and field trips to areas of interest.

There will be additional fees collected at the playground for special trips.

You don't have to lift a finger
to earn an extra paycheck
every month.

Not when you invest your savings in our Check-of-the-Month Savings Plan. Here's how it works. You put \$5,000 (or more) in a Check-of-the-Month Savings Account. Leave it there untouched for a two year period. We give you a high 6% interest. Send you a \$25 check every month right on the dot. (That's the amount on \$5,000. The more you invest, the more you earn.)

So you have a safe, sure income from your savings. And you still have that nice fat sum you've saved intact. And insured. Up to \$20,000 by the F.S.L.I.C.

Check-of-the-Month Savings... if you're still working, it's like having an extra pay day. If you're retired it's the smart way to add an extra paycheck to your retirement income.

Either way, you can smile when you get that check and realize that the money you worked for... has gone to work for you.

OAK FOREST — The suggestions that two 500-pound robins or an imported mongoose might be the answers to the snake problem in Central Park added a light touch to an otherwise heavy session of the Park District Board of Directors meeting Thursday evening.

Director Stephen Moss related to the board that a Central Park neighbor had complained to him about the snakes which were coming from the park on to adjoining property.

Moss said that the resident had claimed that the snakes "had reached the second floor". The board sympathized with the complainant but verbally decided it was not the board's responsibility to rid the area of snakes.

The ruling by the board to use both 12-inch and 16-inch softballs in the girls' league is discussed in another article. Commissioner Phillip Cipolla announced that bids for the Park District's new headquarters to be built in Central Park will be opened at 8 p.m. Thursday, June 29, at the Oak Forest village hall.

The board also approved a Cipolla motion that the proposed contract with Al Bruno for the grading of Forestview Hills Park be approved. The grading

will re-route the drainage ditch in order to prevent flooding in the park. Moss was directed by the board to contact administrators of adjoining school property to assure a coordinated program between the district and the school.

In other board action:

— approval was given to order football equipment for the nearly 150 boys who will be participating in the program this fall. Football Association President Joe LeaRossa and Director Moss were directed to order the equipment.

— the board approved purchase of a second set of goal posts for Tower Park, which will be the home field for Oak Forest teams.

— LeaRossa informed the board that a football season "kick-off" program would be held, that a program book was being prepared and that the high school coaches indicated that they would help with the program.

— Moss was given authority to develop another softball diamond if he determined it was needed.

— Gallo Ford will be questioned if the firm would like to sponsor a punt, pass

and kick competition this fall in cooperation with the Park District.

— Moss informed the board that he was still looking for a competent tennis instructor to conduct the local program. Interested persons should contact the district office at 687-7270.

— approved \$250 expenditure for miscellaneous recreation items for the summer program which began Monday and continues through Aug. 11. Director Moss said registration will continue at the Park District office for the summer program.

— Moss was directed to investigate the sealing of the Friendly Oaks Park tennis courts. The board also asked the director to study the use of the courts for tennis and basketball. The board felt that something might have to be done to provide basketball space if this sport interfered with the tennis players.

— preparation of Tower Park field for the football season was approved.

All members attended the meeting: President Lee Kruse, Commissioners Richard Reilly, Phillip Cipolla, James R. Difanis, Robert Walsh, Secretary-Treasurer Donald Manning, Mrs. Barbara McCarthy, office secretary, and Director Stephen Moss.

Westhaven Homeowners select new secretary

WESTHAVEN — Mrs. Donna Poia will replace Mrs. Carol Downie as corresponding secretary for the Westhaven Homeowners Association.

At the Wednesday, June 1, meeting Mrs. Downie's letter of resignation was read. Mrs. Downie stated that it has been a pleasure working with the association for the past three years. Association President Ray Westberg told the members that Mrs. Downie was the originator of the idea of starting the association and was named "Woman of the Year" for 1971 by the Homeowners for her work with the group. The Downie family recently moved out of the village.

The typing and publishing of the Chatter monthly newspaper published by the Homeowners Association are the main duties of the corresponding secretary.

In connection with the Chatter, the members of the Association approved the appropriation of \$200.00 for an electric typewriter. As Mrs. Poia stated, "We definitely need a new typewriter." The resignation of Association Treasurer Rich McIntire also was announced effective July 1. McIntire also will be moving out of the village.

Several outings and social events for both association members and non-members are being planned.

The second Candlelight Bowl, sponsored by the association, will be held July 14 at the Tinley Park Bowling Alley. Tickets will be \$5.50 per couple.

Both adult and childrens hayrides also are planned in the near future.

A weekend camping trip is in the planning. Boys whose parents are association members and boys that are registered in the baseball program will have first choice in attending the camp. There is no charge for the event.

A day at White Sox park is being arranged. A group of 50 or more boys and girls must attend to enable the association to gain the discount rate of 50 cents per ticket. Arrangements will also be made to take the group to and from the ball park by bus.

A fun fair with proceeds going to help fight Muscular Dystrophy will take place in the near future. Site for the fair will be the Tekton parking lot at 159th and Haven Avenue.

President Westberg discussed the possibilities of a long range building program. The association would like to obtain a piece of property in the village, and in the future it is hoped that some sort of civic building could be built to serve all the village residents.

Brownie Troop Leader Mrs. Donna Poia asked the association to consider sponsoring one trip or outing a year for her group of girls. A list of trips planned by the troop will be presented at the July meeting. At that time the association members will decide which event they will sponsor.

Homestead forms ready

OAK FOREST — Senior Citizens may pick up a copy of the "Homestead Exemption Application" form at the clerk's office in the City Hall, 5601 South Cicero Avenue.

Ron Feldner, the city Manager working in conjunction with the Bremen Township Office has been able to obtain a limited supply of these application forms.

As a reminder to senior citizens who may have over-looked the benefits that may be derived with the proper filing of this form, the following information is furnished:

In order to qualify for the exemption, residents must be 65 years of age or older on January 1, 1972 and must occupy as the principal residence the property for which the exemption is sought.

The person applying for the exemption must be the owner of record of the property for which the exemption is sought.

Instructions for the proper filing of the application may be found on the back side of the form that will be filled out.

Hobby fair is set

OAK FOREST — A hobby and craft fair, sponsored by the Oak Forest United Methodist Church, 159th Street and Lorel Ave., will be held July 1-4 in conjunction with the Jaycee Fourth of July carnival.

Exhibitions may be set up in the church fellowship hall and space will be open to all Oak Forest residents.

Show applications may be obtained by calling Chuck DeWar, 687-3037 or Duane Larson, 687-6517.

A THOUGHT TO REMEMBER BY JIM HIRSCH

Have you heard complaints these days about alleged lack of old-fashioned courtesy, respect and manners? Have you noticed a disturbing trend toward incivility on highways, streets, in offices, stores and public places where people congregate?

Certain facts are unmistakably clear. Every human being is a person. Politeness between people honors people as people. Good manners cost nothing but buys a lot of happiness and contentment. Good manners is an excellent tie to bind families and nations together.

In manners as in everything else, mankind should take a close look at the perfect example in the Man from Nazareth. Graciousness and gentlemanliness were constantly evident. He sloughed off the slights and insults. His standard of behavior was quite simple. Mainly, it was just being nice — regardless . . .

MR. AND MRS. JOSEPH M. KARPS

TINLEY PARK — Peggy Dianne Metz and Joseph M. Karp were married at St. George Catholic Church, Feb. 12, in a double ring ceremony. Peggy is the daughter of Mr. and Mrs. Arthur W. Metz, 16701 S. 84th Ave., and Joseph, the son of Jack Karp, 4722 N. Spaulding Ave., Chicago. Father Alphonse Gorney officiated at the ceremony.

The bride was escorted to the altar by her father. Her gown was silk organza with brocade trim; her seven foot long veil was handmade, brocade with pearls and crystals. Her crystal earrings belong to her grandmother. The bridal bouquet consisted of lilies of the valley, mums and bud roses.

During the procession, organist Miss Ellen Feldner, played the Hawaiian Wedding song.

The church was decorated with white mums and baby bud roses; a bouquet of white carnations was placed by the bride in honor of the Virgin Mary.

During the ceremony the organist played "Ave Maria" and "A Time For Us." Soloist was Diane Kot.

The maid of honor, Pamela Metz, sister of the bride, wore a ruby-red

velvet gown with white trim. Her hat was a crown of ruby-red velvet and matching colored veil.

The Bridesmaids, also sisters of the bride, were Mrs. David (Penny) Peterson and Mrs. Ralph (Patricia) Jones. The Flower girl, Susan Peterson, is the bride's niece and the Ring Bearer, Walter Insalaco.

The groom's Best Man was David Peterson; Ralph Jones and William Hill were attendants.

The bride's mother wore a wine colored suit and matching hat during the ceremony and a floor length, pink gown at the reception.

Mrs. Nora Wiles, grandmother, also attended the wedding and reception, which was held at the Orland Chateau. Approximately 150 relatives and friends were present.

Mr. and Mrs. Karp are now living at 6743 W. 175th St., Tinley Park, after a honeymoon at the Newport Hotel, Florida.

The groom is employed at Maling Brothers, Chicago, and the bride at the First National Bank, Chicago.

MR. AND MRS. JOHN SKARBEK, SR.

"Shoo-fly-pie and apple pan dowdy, makes your eyes light up and your tummy say howdy," blares from juke boxes.

The year is 1947. World War II is over and Harry Truman is President of the United States.

Bobby soxers are wearing bluejeans, flannel shirts and saddleshoes. When women dress for the evening, they wear "the new look" which was about two to three feet longer than today's mini dress.

People are harmonizing to "Four Leaf Clover," dancing to "Peg of My Heart," "The Old Lamplighter" and, getting married. Couples married in 1947 are celebrating their 25th year anniversaries in 1972.

MR. AND MRS. MARVIN H. COOPER

ORLAND PARK-FRANKFORT — The children of Mr. and Mrs. Marvin H. Cooper are announcing the 25th wedding anniversary of their parents with a celebration at Mr. and Mrs. Coopers' home in Yorkville. (on Ament Road, 1/2 mile east of Route 47) The date is set for July 2, 3-5 p.m.

All friends and relatives are invited and asked to please omit gifts.

Mr. and Mrs. Cooper are long time past residents of Orland Park. Their children are Marianne Richards, Frankfort; Robert, Larry, Gary and Ronald Cooper, Yorkville. The Coopers also have three grandchildren.

MR. AND MRS. JOHN MICLOW

TINLEY PARK — Mr. and Mrs. John Miclow, 16816 Forest View Drive, celebrated their 25th wedding anniversary, June 3.

In honor of the event, the entire family went to dinner at Poor Richard's Restaurant, Glenwood. After the dinner, more relatives and friends joined the couple at their home.

The Miclows' dinner guests were their children, Robert Patrick and his wife Kathy, Mr. and Mrs. John (Diane) Daniel, John Jr., grandchildren, Cheryl and Kim Daniel and Mrs. Miclow's parents, Mr. and Mrs. John Hotwagner. Mr. and Mrs. Hotwagner recently celebrated their 50th wedding anniversary.

TINLEY PARK — Mr. and Mrs. John Skarbek, Sr., of 17550 S. 66th Ave., celebrated their 25th wedding anniversary, Saturday, May 27. The couple renewed their nuptial vows at a 5:30 Mass which was celebrated by Reverend Thomas D. O'Connell, pastor of St. George Catholic Church.

John and Anne have been residents of Tinley Park for 14 years. A reception was held for ap-

proximately 40 guests at Surma's Restaurant. Among those attending were the couple's four sons; John Jr., wife, Kathie and daughter Jeannine; Joe, his fiancée, Debby Rady; Tom, and Bob.

The Skarbeks are looking forward to a trip to the West Coast, including stays at Las Vegas, Los Angeles, San Francisco and Denver.

Rayson co-sponsors rights bill

TINLEY PARK — A co-sponsor of the equal rights for women amendment to the U.S. Constitution sees public opinion as the only means to pass the measure.

State Representative Leland Rayson (D., 9th) stressed that the amendment refers only to the equality of rights for women under the law and these rights cannot be denied or abridged because of sex.

The amendment has failed once in the lower house but the state senate, because of public pressure, did pass it and the sponsors have a second chance to introduce the measure.

"The amendment does not blur or

refer to the obvious differences between men and women. It does, however, mean equal opportunity for women to share in the same advantages men do in the business world, the professions, in politics and social life," Rayson added.

"I am aware of the hundreds of supporters in Bremen, Rich, Orland and Thornton townships who want this amendment. I will continue to lobby for support amongst the almost all-male house for passage," Rayson concluded.

"What aroused people in my district was the fact that while Illinois voted down the measure the first time, two other states routinely passed it," Rayson added.

Exhibits: Music Boxes, Bells, Costumes, Trinkets & Treasures, Wooden ware, Ironware, Firearms, Early Utensils, Agricultural Tools, China & Glassware, Old Valentines, Quaint Old Toys, Dolls, Coin Machines, Sewing & Weaving Hardware, and many more.

Moon Children Engagements

SAGITTA SAYS. If your engagement extends through Cancer, June 22 to July 23, know that the Moon rules this period. Like the ebbs and flows of the Moon's influence, your engagement is apt to have great highs and lows; you may find yourselves laughing with gleeful expectation at your coming wedding. Or sobbing inwardly over this change of status.

Cancer is the fourth natural House of the Zodiac. This is the place

for feelings of home and family. Certainly it is a perfect period to make plans for the domestic life and future family situation. Sow the seeds now for your unity of two bodies and souls, for Cancer creates the appropriate atmosphere for such deeply personal moves.

LILLIAN BETTENHAUSEN

OAK FOREST —Mr. and Mrs. August Bettenhausen, 14863 S. Cicero Ave., announce the engagement of their daughter, Lillian, 5017 W. 156th St., to Martin Kwiatkowski, 7813 S. Cronin Ave., Justice, Illinois.

Lillian is a graduate of Bremen High School and is presently employed by the Rock Island Railroad.

Martin is the son of Mr. and Mrs. Edward W. Kwiatkowski, and is employed by Electro-Motors Division of General Motors. He is a graduate of Northern Michigan University, Marquette, Mich.

The wedding will take place July 15 at St. Blase Church, Argo. The reception will be held at the Crestwood Palace, Crestwood.

The Mokena Library Board has made arrangements for the Bur Oak Bookmobile to visit Arbury Hills on four Thursdays during the summer. — July 6, July 20, Aug. 3 and Aug. 17. It will be located at the Arbury Hills School, Beechnut Drive on these four Thursdays from 10 a.m. until 3 p.m.

There will be some 1000 books available as well as a small number of framed art prints and phonograph records. The residents of Arbury Hills will be able to borrow these materials from the Bookmobile at no charge. Miss Elaine Reckemer, Mokena Librarian, will assist Mr. De Young, Director of the Bur Oak System, on the Bookmobile.

This will be the first time the Bur Oak Bookmobile will visit an area in this system, of which the Mokena Library is a member. The Bookmobile will introduce to the residents in Arbury Hills the type of library service is available.

The First Nighters will have their meeting at the home of Mrs. Pat Ford, Beechnut Drive next Thursday evening, July 6, beginning at 8 p.m.

The baseball schedule for the coming week is as follows: tonight, Wednesday, Reds vs. Orioles at Arbury Hills, White Sox vs. Yankees at Frankfort Field No. 1, Pirates vs. Cardinals at Frankfort Field No. 2; June 29, New Lenox Savers vs. Arbury Hills A Team at Arbury Hills; June 30, Arbury Hills Pirates vs. Peotone at Peotone, New Lenox State Bank vs. Arbury Hills Braves at Arbury Hills, Mets vs. Lions at Arbury Hills, Cubs vs. Expos at Tinley Gardens Field; July 1, no games scheduled; July 3, Arbury Hills A Team vs. Frankfort Cubs at Frankfort; July 4, Arbury Hills Braves vs. Arbury Hills Pirates; July 5, B Team All-Star game schedule location to be announced.

In the past weeks baseball action the Arbury Hills Pirates won over Manhattan Pony Team by the score of 6 to 3 with the two Arbury pitchers, Earl Cullison and Chip Terracina giving up only four hits between them, the Expos won their first game of the season with a romp of 17 to 3 over the Mets, the Pirates lost their second game of the week to the New Lenox State Bank by the score of 15 to 6, the Arbury Hills Braves lost last Friday by the score of 12 to 6 to Manhattan.

The Panthers softball team won over Lincoln Estates by the score of 20 to 6.

Prestwick

Michael J. Flynn
815-469-5617

The Family of Mr. and Mrs. Edward Bruske of Fairway Lane have earned their place in the news this week. To begin with, Tom Fon Stieglitz, their guest

from Germany, was involved in what I think was the first automobile accident involving two cars in Prestwick. Tom was driving the Bruske Renault to church on June 25 with Mrs. Bruske's mother, Mrs. Verne Arentz, as a passenger. While rounding the high hedges on Prestwick Drive in front of the club house, their car was struck by a Ford driven by Larry Gonda of New Lenox. Mrs. Arentz was injured requiring 13 stitches to close an injury to her elbow. Gonda was issued a ticket by Will County Police for improper lane usage.

The academic achievement of the Bruske children has been a remarkable one. Thomas Fon Stieglitz, 17, recently ended his junior year at Lincoln-way at the top of his class with a 4.0 average out of a possible 4.0. Edward Bruske, Jr. (20) earned high honors at Joliet Junior College and a place on the Dean's list with a 3.85 average out of a possible 4.0. Ed, Jr. is a freshman at JJC. Diane Bruske, 17, made the Dean's list in her graduating year from Lincoln-way High School as did her sister Linda, 15. Little sister Susan, 13, made the honor roll at Frankfort Elementary in her final year there before entering Lincolnway this fall. Mr. and Mrs. Bruske can certainly be proud of their entire family for having achieved such a remarkable academic year.

Diane Olivieri is writing the Girl Scout News again. Here are a few tidbits.

The following girls have graduated to the cadet troop in Lincoln Estates: Eileen Brew, Laurie Martin, Diane Olivieri (woops, there goes the editor) Terry Walsh and Tina Persson. Also joining these girls will be Kathy Kloos and Kristine Oosterbaan, both recent arrivals in Prestwick. Troop 319 greets the following new members, Kristine Booty, Liza Governale, Kristine Jurcak, Liza Kosut, Tina Krumdiak, Laura Sadowski and Marilyn Villitis. On June 26 the girls of Troop 319 held a Carnival at the home of Karie Schau.

Art Miller of Aberdeen Rd. has been in the hospital for several days. Hope that all is well and that he will be home soon.

Two teams tied for first place in the Calcutta played on Sunday, June 25. The teams, each with a score of 55, were: Dave Decker of Park Forest, Howard Ownley of Prestwick, Fred Schickling of Tinley Park and John Ferkan of Olvnpia Fields. Then, Chet Stefan, Oak Lawn, Robert McGarrv, Oak Lawn, Von Thompson, Hazel Crest and Val Holt, Orland Park.

Welcome to our newest neighbor, Mr. and Mrs. Robert Johnson on Highland Road off of Sauk Trail. They just moved into our growing community from Oak Forest. Also, Mr. and Mrs. Thomas Parrish who just moved into the Westover Building. They hail from Park Forest South. Aberdeen Road also boasts a new neighbor in the family of Mr. and Mrs. Robert Anderson. Welcome to all and may you get to know everyone soon.

Boys' Forest camp to run July 23-29

SOUTHWEST — Illinois boys between 15-17 can learn more about the conservation of Illinois' forest resource this summer at the 21st annual Illinois Boys' Farm Forestry Camp, July 23-29.

The camp is located on West Frankfort Lake in Franklin County, in the heart of the southern Illinois forest region, says A. A. Wicklein, University of Illinois Extension adviser.

The week-long camp will give campers an opportunity to find out more about the practical applications of forestry. The experience provides background for managing farm woodlands for lumber, Christmas tree plantations, and wildlife protection areas, Wicklein says.

Since the camp started in 1952, over 1,000 boys representing 4-H, FFA, Boy Scouts, and church organizations have taken part in camp activities.

Application forms for the 1972 camp are available now at the Will County Extension office, 100 Manhattan Road, Joliet 60433, telephone 727-1173. Leadership ability and experience with forestry projects at home or in school or club work will be considered in selecting 1972 campers, Wicklein adds. Applications are due by May 1.

The Illinois Technical Forestry Association, a non-profit organization for the promotion of the intelligent use of forest and wood products, sponsors the camp each year. Financial support comes from wood-using and coal-producing industries, farm and conservation groups, and local organizations.

More than 30 foresters, agricultural and conservation leaders, and teachers and University of Illinois Extension staff members provide the instruction.

FRANKFORT — Numerous awards were given Frankfort grade school pupils at term end at which Ricky Burton led the students in the salute to the flag.

Awards were given in all categories of school activities. Wayne Hendricks, patrol supervisor, introduced all members of the patrol and handed out the certificates issued by the Chicago Motor Club for the members for outstanding service to the school and community.

Better read businessmen

FRANKFORT — The Frankfort library board has instituted a policy to offer library services to business owners or operators in the district, according to a letter sent to Herman Fabiana, president of the Frankfort Chamber of Commerce by Mrs. Arlene Santoro, the librarian.

As of now, the librarian said, anyone who operates a business in the Frankfort area, including Lincoln Estates will automatically qualify for free library

service whether they are residents of the district or not. This would also apply to members and officers of the Chamber of Commerce.

The Frankfort Library District is part of the Burr Oak Library System, which means that it can reference, trade and technological material, which previously was only available in the larger libraries.

Fabiani expressed the thanks of the Chamber for the library policy making the service available.

On second thought

A slow waddle recommended

By Glenn Logan

If Mokena people become humpbacked or develop an undulating spine the bone specialists consulted by those thus afflicted probably will not find the cause set forth in medical texts. Unless, of course, there is some book devoted to railroad crossings.

Mokena, it should be explained for those who have never been there, is bisected east and west by the Rock Island Lines. To get from one side to the other side of the tracks there are four grade crossings. The crossing at the east end of the village and the one nearest the railroad station, Mokena Street, are comparatively new and in excellent condition.

Hopefully, the crossing at the west end of the village, Hamilton street, will be completed this summer or fall. It too should be in good condition, if length of time of work on the thing has any bearing on it. The Hamilton Street crossing has been closed for about a year but it seems longer.

The other crossing is on Wolf Road. This is the back-breaker. It also is hard on motor vehicles. If you see a sway-backed car or truck, with lumps and knobs on the tires it is probably a vehicle that has been to the Wolf Road crossing too often. Even if a car is driven at a slow waddle that crossing takes a toll.

There are holes in what is left of the pavement and this plus the loose planks that threaten to disembowel an unsuspecting vehicle, makes the pilot of any car or truck proceed under a slow bell.

A slow, slow waddle is the recommended pace unless the driver is one who likes to live dangerously. A speed of 15 miles an hour will shake every bolt in your car and every bone in your body. Some claim they have lost the fillings out of their teeth and that their dentures will still be clicking half an hour afterwards.

Naturally, this condition draws a lot of complaints. The village officials and the Rock Island get the brunt of this verbal thumping and they really don't have it coming.

Complainants are advised to direct their blasts to the state department of highways. Wolf Road, which seems to cover a large territory, is a state road.

All of us know that "the mail must go through," and "the show must go on," but until this thing about the rail crossing in Mokena came up yours truly was unaware that Wolf Road is also perpetrated. Wolf Road is something else that must go on. And it really does.

It wanders all over and is seen most everywhere. It is the dandelion of roads. And that is sort of nice too. You may be far away from your base, caught up by strange faces and strange highways with strange sounding names and numbers and all at once you see an old friend — Wolf Road the sign says, and you feel at home and no longer alone.

We like Wolf Road, we really do, but we don't see why its traffic can't be interrupted now and then. As a matter of fact we think it

would be a kind thing to do, to let the poor old highway have a bit of rest. There are sections of it that need a rest, particularly this segment that spans the Rock Island tracks at Mokena. The village fathers importuned the state highway department on several occasions to close Wolf Road at the railroad tracks so the crossing can be really fixed.

There is no good reason why barricades cannot be erected on Wolf at Front and McGovney Streets, and traffic diverted to the Mokena Street crossing or — pretty soon maybe — to the Hamilton Street Cross.

That would give the Rock Island a chance to jack up the tracks, or whatever it is that is needed to level the crossing plus putting in the rest of the licks to make it a satisfactory job. In Chicago they close up expressways for resurfacing jobs and right now the tollways leading to O'Hare Field are in the midst of being improved and the state allows sections of those roads to be closed.

Why the state is so contrary about the Wolf Road crossing would seem to be out of line. But

when you stop to think about it, it isn't so strange. You see we have professional politicians, professional agitators, professional organizers, professional professionals, and we also have professional "people" too, as well as professional public jobholders.

The professional "people" are usually in full cry after some thing or someone and it is only natural that they frequently pick up the trail of the payrollers.

So it is not unusual that the jobholders strike back occasionally at the people, the ordinary along with the professional. Sometimes a "Keep off the grass," or a "No fishing," sign helps to get even but the state highway department can't do that. It's true they can put up "No Parking on Shoulder" signs but the easiest thing is just to ignore the clamor of those who want the department to do something. Very effective too.

Someday a prominent citizen or a golden haired child of tender years will disappear down one of the holes or cracks in the Wolf Road crossing, and then maybe the state highway department will take notice.

Servicemen

FRANKFORT — Marine Pfc. Charles W. Reed Jr., son of Mr. and Mrs. Charles W. Reed, Sr., 445 Lincoln Lane, Frankfort, has reported for duty at Marine Corps Air Station, Cherry Point, N.C.

NEW LENOX — Airman Michael B. Wilder, son of Mr. and Mrs. Benjamin E. Wilder, 319 Pine St., New Lenox, has completed his U. S. Air Force basic training at the Air Training Command's Lackland AFB, Tex. He has been assigned to Chanute AFB, Ill., for training in the communications electronic field. Airman Wilder is a 1967 graduate of Lincoln-Way Community High School, and attended Eastern Illinois University. His wife, Constance, is the daughter of Mr. and Mrs. Leonard Peters, 203 Wood St., New Lenox.

MOKENA — Army Private Michael L. Hodgman, 24, son of Mrs. Sarah Miller, Mokena, recently completed eight weeks of training as an Infantry Direct Fire Crewman at Ft. Jackson, S.C.

Pvt. Hodgman entered the Army in January of this year and received basic training at Ft. Dix, N.J.

The private is a 1966 graduate of Morgan Park Academy, Chicago, Ill.

He learned the techniques of fire and tactics of a rifle squad, patrolling, individual combat operations, landmine warfare, land navigation, communications, antitank warfare, and the firing and maintenance of the 90mm and 106mm recoilless rifles.

NEW LENOX — Navy Petty Officer Third Class Jeffrey L. Raske, husband of Mrs. Pamela Kay Raske, 102 Hawthorne, New Lenox, completed the Field Medical Service School at the Marine Corps Base, Camp Lejeune, N.C.

During the last week of the five-week course, Raske, a Hospital Corpsman, participated in a three-day field exer-

cise for the practical application of all subjects taught, including field first aid, preventive medicine and sanitation.

He is a 1969 graduate of Lincoln-Way Community High School.

FRANKFORT — In graduation ceremonies at the Naval Academy, Annapolis, Md., Calvin R. Davis, son of Mr. and Mrs. Russell L. Davis, 214 Center Road, Frankfort, brought a close to four years of intense, formal study.

He received his second lieutenant's commission and bachelor of science degree, and will now serve five years in the active Marine Corps.

The young marine officer is a graduate of Lincoln-Way Community High School.

FRANKFORT — Airman Dale A. Self, son of Mrs. Josephine Sutherland, R. R. 1, Frankfort, has graduated at Chanute AFB, Ill. from the technical training course for U. S. Air Force fire protection specialists.

Airman Self was trained to fight structural and aircraft fires and repair fire fighting equipment. He is being assigned to Ent AFB, Colo., for duty with a unit of the Aerospace Defense Command which protects the U. S. against hostile aircraft and missiles.

The airman is a 1971 graduate of Lincoln-Way High School.

Puppet Playhouse

JOLIET — The Joliet YMCA invites boys and girls to join a fun project for the summer vacation. They will have a chance to make their own puppets, stage and scenery. At the end of the program they will present a play for their family and friends. The Puppet Playhouse will be held at the Joliet YMCA on Tuesdays and Thursdays from 2:30 - 3:30 p.m., June 27 to July 27.

Advanced registration is necessary.

Mrs. G. Schueman writes, "I'm really pleased with the results from my classified ads. My lost dog was returned, my mixed breed puppies were sold, and my garage sale was a success. It pays to advertise."

Mrs. Dennis Mason of Glendale Heights placed her ad on Friday and called to cancel her Wednesday ad saying, "It's unbelievable! By 3:30 the same Friday afternoon my car was sold!"

"Had a really good used juke box that I advertised in all your papers. Really hated to see it go, but the response was so good that I could have sold five."

A toll-free number for Frankfort and New Lenox is under construction and should be installed within two weeks.

Racers' man dead at 68

TINLEY PARK — Charles E. Pritchard, 68, of 12222 S. 73rd, Palos Heights, the man who made the midgets go, and chief mechanic for Tony Bettenhausen for many years died June 24 in South Suburban Hospital.

Pritchard had been a friend of Bettenhausen for many years, and was chief mechanic for Tony when he was driving midget racers.

Pritchard was known to many racers throughout the country for his mechanical skill, working as chief mechanic for such well known names as Paul Russo, and Emil Andreas, Ted Horn and many others; and it was through these racing relationships that he came to know Bettenhausen.

In 1947 Pritchard's skill as a mechanic enabled the car driven by Andreas to finish every race it was in that year including a fourth in the Indianapolis 500, and enabled Andreas to finish second nationally among the drivers that year.

In recent years Pritchard had maintained an auto shop on the farm of Gary Bettenhausen, in a building where he had once worked on Tony Bettenhausen's midgets. Pritchard had worked on sports cars for local residents in recent years.

At the time of his death he was living with friends. He is survived by his wife Velma who is in ill health in Minnesota.

Pritchard was a racing drivers mechanic almost all his life with the exception of some eight years when he worked for an aircraft company.

In 1947 enroute to a job in New Jersey, Pritchard ran out of money while traveling through the area, and stopped to see Tony Bettenhausen whom he had known previously. Pritchard never got to New Jersey. Bettenhausen put him to work on his cars, and Pritchard was associated with the Bettenhausen family from that time on until his death.

Services will be held today, June 28, at 11 a.m. in the Hirsch Memorial Chapel, 183rd and Harlem. The Rev. Carl Sattlerberg, of the United Methodist Church of Blue Island will officiate.

Mr. Pritchard was born in Redfield South Dakota. Interment will be in Chapel Hill Gardens South.

Americans top Nationals, 8-3

ORLAND PARK — The Palos Ponv league all-star game was held last Saturday as the American league defeated the Nationals 8-3. Jim Doranzo and Mike Rubberr pitched for the Nationals and Paul Pearson and Dick Lane for Americans.

Ray Aquilar and Mike Barnhultz both swatted home runs for the Americans. Members of the two all-star teams, for 13-15 year-olds were: Nationals - Vince Cieluch, Bob Busch, Mike Rubberr, Jeff Bobrowicz, Jim Doranzo, Steve Lumley, Chuck Schwab, Jim Gaffney, Tom Schuberth, Larry Lenz, Jim Hays, Stormy Schmidt, Ed Richards and Bob Feble.

The American league all-stars: Mark Filhasky, Frank Leone, Paul O'Mally, Doug Hair, Mike Malkiewicz, Jim Hooker, Jim Sloan, Ray Aquilar, Bill Pearson, Mike O'Donnell, Frank Lane and Dave Hoffman.

Before the all-star game in other action Chuck Schwab of the Orioles pitched a no-hitter as did Vince Cieluch, also an all-star, of the Eagles. Cieluch's record is now 3-0.

Eagles beat Quigley, Gain split with Stagg

ORLAND PARK — The Sandburg Eagle summer baseball team continued to roll last week as they defeated Quigley South, and split a double bill with Stagg, winning the opener 11-1 before losing the second game 7-3.

The Eagle conference record now stands at 5-2 with big games with Evergreen and Oak Lawn coming up.

In the Quigley South whitewash Steve Rodeck hurled four innings for the victory and sophomore Tim Sipe added the last two. Rodeck posted eight strikeouts and only allowed one hit while walking six. "Steve pitched a fairly decent game and did a good job," said head coach Ron Mellen. Bill Nicolai had two hits in three trips.

Saturday the Eagles crushed Stagg in the first game behind Jeff King's pitching and the hitting of Bill Nelson, Bill Nicolai and Glenn Kuzel. Nelson hit a bases loaded triple as Kuzel notched two hits and Nicolai hit a towering homer. The second game was a different story, however, as Stagg bombed both John Carroll and Steve Rodeck.

Catcher Bill Nicolai, one of the team's hottest hitters, continued on his hitting spree with a perfect 3-3 day. "We should be hitting better and our pitching is still questionable at times plus our defense

isn't what it should be but we have a lot of kids playing and I'm sure we're improving," said Mellen.

The Eagles, despite growing pains according to Mellen, still have posted a 5-2 record and played Evergreen Park yesterday away and then host a long home stand which sees them playing five straight games at home. Thursday, June 29, the Eagles host Romeoville, Friday, June 30, Rich Central, Saturday, July 1, a twin bill against Proviso West, and they host Oak Lawn next Tuesday, July 4.

Park District program set

TINLEY PARK — Registrations are still being accepted for the Tinley Park District summer recreation program held at Bert Fulton School, 6601 W. 171st St.

The program will run for six weeks and is open to children from first through eighth grades. Two sessions are held daily, beginning at 9 a.m. and 11 a.m. with the second session ending at 1 p.m.

Losers are winners as leaders clash

TINLEY PARK — In what may have been a preview of the Tinley Park Softball League playoff finals, the two division leaders met in a head to head battle. The Federal Division Losers banged out an 18-16 decision over the Brotherhood of the Continental loop.

It was a contest that featured timely hitting as the lead changed hands five times before the Losers went ahead to stay in top of the seventh inning.

Even though the Brotherhood came back to down the Knights, they still lost the Continental Division lead to the Nickelbag Revised who won easy victories over the Hustlers, 14-5, and the Latecomers, 27-3.

Other division winners were the Roadrunners over the Bears, 13-12, the Superchiefs over the Bears, 35-9, and the Latecomers over the Knights, 25-11.

After their impressive victory early in the week, the Losers then lost an upset decision to the Snappers, 13-12. Seizing upon the opportunity, the Bombers climbed back into a tie for the Federal Division's top spot by posting victories over the Superchiefs, 7-6, and the Roadrunners, 21-12.

The Landlovers kept the pressure on the Federal leaders with back to back wins against the Snappers, 8-3, and the Tappers, 30-4. Continuing on their winning ways were the Lugans who downed the Tappers, 32-8, and the

Hustlers, 21-6. The Lugans have won five of their last six games and are within striking distance of a playoff berth if one of the top four clubs falters.

trade victories

NEW LENOX — Providence split a doubleheader with Plainfield in South Suburban High School summer league baseball play last Saturday, to bring the Celts summer record to 7-4-2. They are 4-2 in league action.

Providence won the first game 4-1, and lost the second 3-1. Joe Dailey won the first game on a five hitter, as the Celts scored three times in the third.

In the first game Catcher Ed Olszta tripled to right to score Dick Mandella with the game's first run. Dick Tezak's single scored Olszta and Rick Rizzo's triple scored Tezak. In the fourth Mickey Ruettiger reached on a three base error and scored on a fielder's choice. Providence collected six hits.

In the second game the Celts got only two hits, but managed to tie the score 1-1 in the third inning. Mike Fretto was hit by a pitch and Olszta tripled him home.

Thursday Providence rallied for three runs in the final two innings to gain a 5-5 tie with Aurora IBEW. The Celts stranded 11 runners, but stole five bases.

Providence started the week on a losing note dropping a 10-0 decision to Lincoln-Way and losing to Eisenhower 7-2.

The Knights took a 1-0 first inning lead and then put the game away with five in the second. Bob Lindeman fired a two-hitter in blanking Providence.

Against Eisenhower the Celts collected five hits, but poor fielding game the Cardinals six unearned runs. Eisenhower had a 4-0 lead before Providence scored in the fourth. Olszta scored the first run reaching on an error; he moved to second on a wild pitch, took third on a fly out and scored on an error. The final Providence run came in the seventh inning. Ruettiger reached on an error and scored on a double by John Shaw.

Wrestlers do well in jr. high tourney

SOUTHWEST — The Illinois team which will represent the state in Pan-American Junior High championships in Mexico City later this year warmed up for the Pan-Am action in Michigan recently.

The team wrestler in a three day AAU freestyle and Greco Roman tournament. Of 22 area wrestlers seven won championships in freestyle and 10 in Greco-Roman competition. The tournament featured the top Junior high school wrestlers east of the Mississippi.

Tom Gerdes, of Oak Forest took a first in the freestyle in his division.

Dale Slusarski, of St. Mary's of Mokena placed third in both events. Slusarski won matches 4-2, 14-11, before losing his final two matches, in free style.

Bob Whitley, of Mokena took a second, and among the opponents he beat was his teammate Slusarski.

Matt Dusik of Oak Forest captured a sixth in the free style action and a third in the Greco-Roman competition.

John Jackson, of New Lenox won two bouts 8-2, and 14-2, and pinned an opponent before losing in the finals. Mark Criscione, of New Lenox, fought back from a first round defeat to place third, recording two consecutive pins in the process.

Chip Connor, also of New Lenox rallied from a first round loss to place second in Greco-Roman competition in his class.

Jeff Gerdes of Oak Forest pinned three of his six opponents enroute to first place in his weight class.

Bret Marcotte of Tinley Park was first in the Greco-Roman action in his class and placed fifth in free style competition.

Joliet Y has variety of activities

JOLIET — The Joliet YMCA will offer art classes this summer for men, women, girls and boys. Veronica Faber, art teacher for the Blue Island Schools will teach all of the classes. Each series of classes will be held on Tuesdays and Thursdays beginning on July 6 and ending on August 15.

Art for grade school girls and boys will be from 10 a.m. till noon. Classes will include such activities as drawing, painting, paper crafting, collage, and printmaking.

Art for junior high school youth will include felt crafting, macrame, plaster or soap carving, collage, sculpture, drawing and sketching. These classes will meet from 1-3 p.m.

Art classes for high school students and adults will be held from 7-9 p.m. They will include work in advanced collage, calligraphy, sculpture, stitching, sketching, drawing and painting.

Students will work at their own rate in their area of interest.

In each case, the course fee includes materials. Advance registration is required.

JOLIET — This summer the Joliet YMCA is offering activities especially for junior high girls. On Thursdays at 2 p.m. beginning June 29 through July 20, there will be bowling at the Town and Country Alleys on W. Jefferson Street. The instructor will be Betty Elias from Illinois State University, now student teaching at Forest Park Grade School.

On Fridays at 2 p.m. Suzi Spencer and Karen Behrens will teach junior high girls how to bake and cook. Also from Illinois State University, they are student teaching at Parks and Forest Park Grade Schools. This class will run June 30 to Aug. 4.

Sandburg youth reaches all-star bowling finals

ORLAND PARK — Brad Colby, of Carl Sandburg High School, will advance to the All-America Youth Bowling Finals in Washington, D.C. Colby, who graduated this year, is entered in the Majors Boys Handicap division and is only the second bowler in Palos history to advance to the finals.

The meet held at Libertyville last Saturday saw the 18-year-old roll games of 203, 197, and 166 for outstanding 566 series with a 93 pins handicap giving him a total of 659. This score tied him for second but he got the nod to Washington because his two contestants were juniors.

Bowlers must be seniors to advance to the finals, July 28-31.

The finals are sponsored by the National Bowling Council and attracts fans from 50 states.

Marv Waigand of Palos Bowl finished 18th in 1967 for the only other finalist. Brad will be flown to Washington and take a scenic tour of the capitol before his bowling activities. Scholarships are also awarded to the top student-bowler in the

sum of \$1,000 for the top bowling and scholastic achievement. Brad Colby has averaged in the 180's and plans to attend Knox College in the fall. Brad was also one of Sandburg's top ten students.

Park district has tennis program

OAK FOREST — Aspiring Rod Lavers and Billie Jean Kings should sign up now for this year's tennis program offered by the Oak Forest Park District.

Instructor Mike Wagner will demonstrate the finer points of the game in a 14-lesson course, which starts this week. Classes will be held twice a week at different park courts. Children's classes will be held in the afternoon and adult classes will be in the evening.

The program costs only \$6 for children and \$10 for adults. So, if you wish to learn about love (and duce and add), register at the Park District office, 15423 S. Cicero.

Bombs away

The Bremen Bank Bombers are hoping to drop many a bomb on other softball teams this year. The young women representing the bank in the Tinley Park district Sugar League are: Debbie Einwiller, Jean Markese, Regina Novakas, Alexandria Czuckra, Judy Johnson, Nancy Sloup, Karen Lam, Jayne Wood, Dawn Trenner, Pam Landau, and Sue Asher. Larry Anderson, and Steve Bettenhausen coach the team.

Sports Shorts

MOKENA — Leonard Bolek, Mokena, who plays in the Veterans of Foreign Wars Gold Golf League, scored a hole-in-one at the Willow Run Course. He shot the ace on the 140-yard second hole as a member of a foursome, the other members having been Ed Soja, Ed Cieply and Bob Olson, all of Mokena.

Bolek, who is 40 years old, has been playing five years and this was the first time he has made a hole in one.

WESTHAVEN — The Sox recently played their first game of the season against the Homewood Rotary team the boys coming from behind to tie the game in the fifth inning 5 to 5. The game was called in extra innings because of darkness.

PALOS HEIGHTS — You can still register for the Palos Heights Pool which is on schedule and should open July 4. Hours for registration are 9 a.m. to 5 p.m. daily and 9 a.m. to 11 a.m. on Saturday at the city office at 12227 Harlem.

This year's non-resident fee is \$115. This charge is actually pro-rated from the \$150 charge for the following years.

Photo-identity cards will be issued for all members, non-residents are blue. Cards will be issued for those who don't join but want to use the pool on a daily basis for the charge of \$2 for adults and \$1 for children. Adults must show a driver's license, and birth certificates for children when registering. Deadline for registering is June 30.

PALOS HILLS — The Palos Hills girl's track team continued to roll over and past all opponents last week as they took 17 awards, including 10 first place

trophies in competition at the Javace Sports Jamboree held at Carl Sandburg High School. The girls also took two second place ribbons, three third place ribbons, one fourth and one fifth place ribbons.

PALOS HILLS — St. Alexander Church is sponsoring a Girls Softball team for girls in the parish this summer. The Fathers Club is sponsoring the team in which all eighth grade girls can compete.

There is a \$5 registration fee for each participant. Fathers are urged to help as coaches and supervisors for the league. The league will run from late June to the first part of August. Anyone interested and who is a member of St. Alexander parish should contact George Raven at 448-8895.

PALOS /ORLAND — The Palos-Orland Swimming Association is having a swim party for the operations and expenses of the swimming program for the POSA.

It is an annual affair.

The party will be in miduly and more information will be released later. The boys and girls of th program swam their first meet yesterday, Tuesday, June 27.

ORLAND PARK — The ladies softball league of Orland Park lost their second straight game last week falling to Frankfort 15-14 in a seesaw battle that saw the lead change hands several times.

The Frankfort team just edged the Orland Parkers in the last inning by coming up with the winning runs. "It was a real close game, and they got some lucky breaks to just beat us in the last inning," said Mrs. Mary Avolio, team chairman. The Ding-Bats, the team's nickname, now are 0-2 on the year.

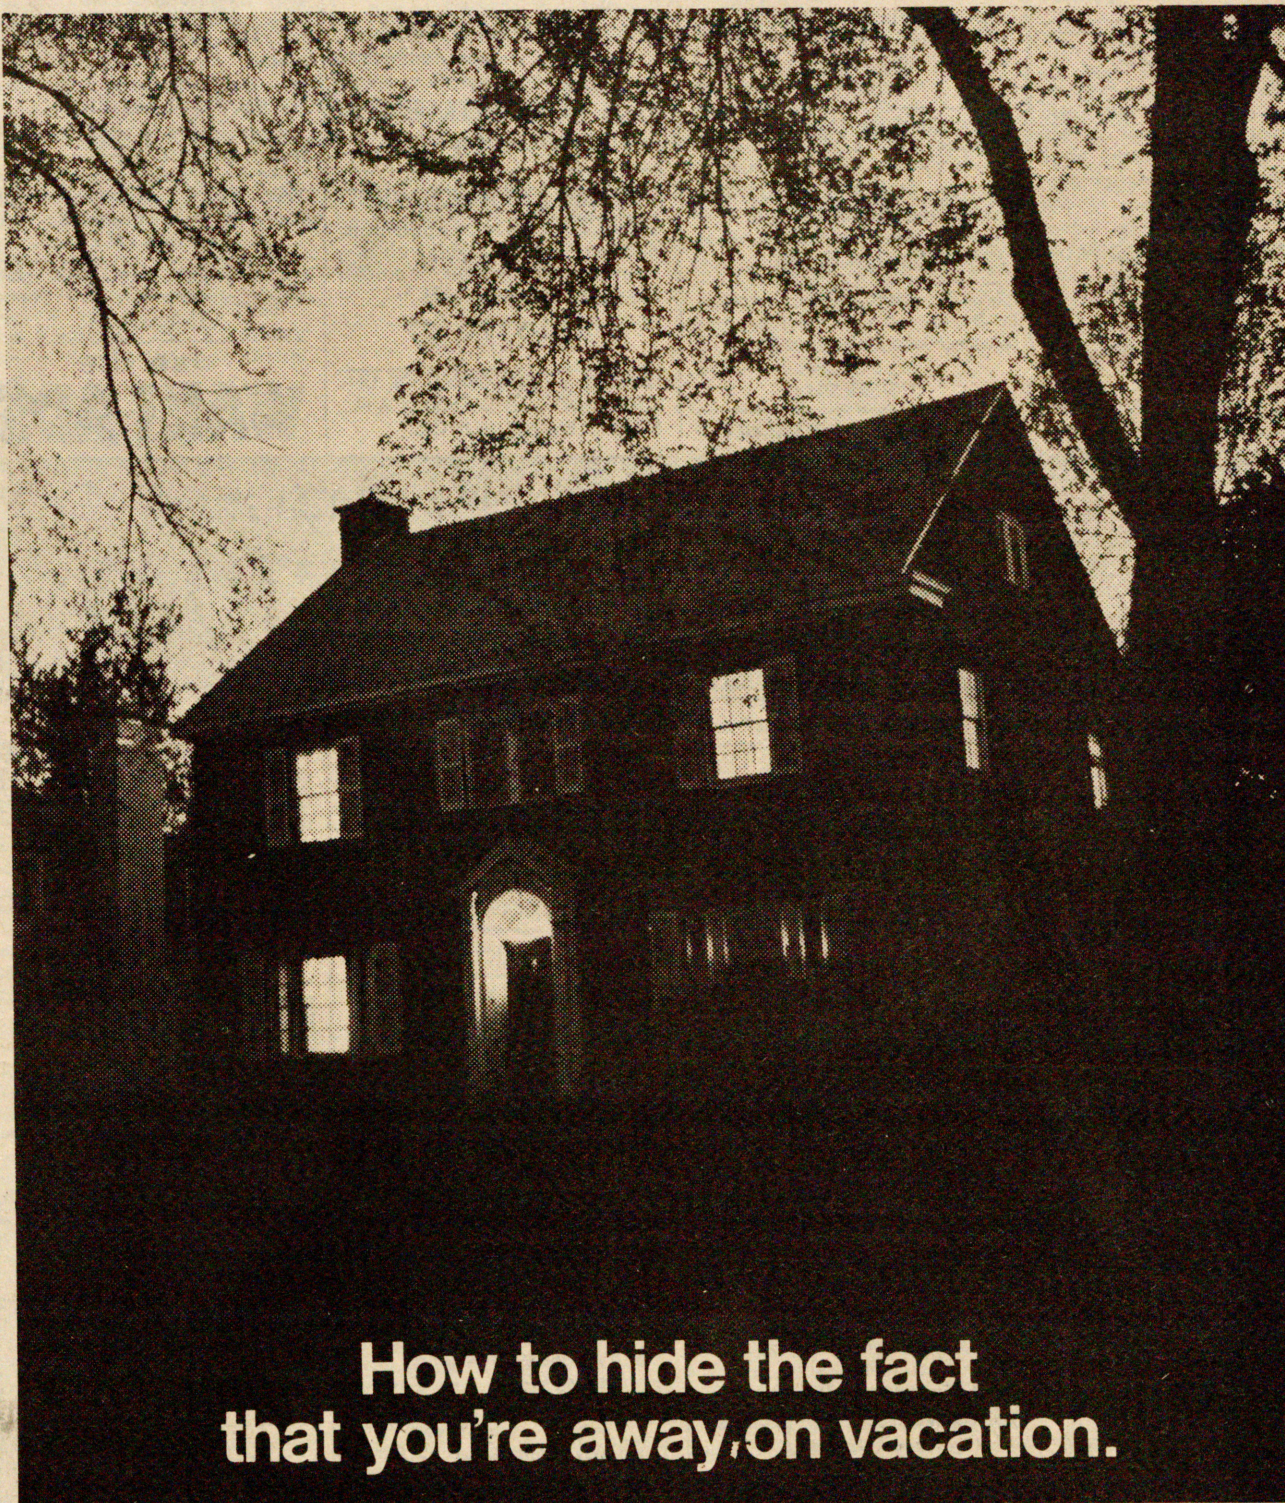

Orland meets the Frankfort team in a game of revenge again this Friday, June 30, at the 151st field behind the Central School. The game is set for 7 p.m. The ladies have 10 games remaining.

ORLAND PARK — The Glenn Beckert baseball camp has been cancelled for the time being it was announced by

Coach Ron Mellen because of lack of enrollment.

There is no other Beckert camp in the south side area of Chicago now said Mellen and the camp will not reopen until sufficient enrollment is recorded. If anyone is still interested in the camp call or write to: Glenn Beckert Baseball Camp, 4040 West Lawrence, Chicago. The camp will reopen pending enrollment.

PALOS HEIGHTS — Ron Larcher, Carl Sandburg's all-conference, all-area, and all-state football and baseball player of year's past has received an award of merit and his letter from the University of Texas baseball coach. Larcher, a regular starting pitcher on the junior varsity baseball team at Texas, saw action in two varsity games as a freshman. Larcher a southpaw, was a unanimous all-conference choice in baseball as he posted a 6-1 record and a .78 ERA at Sandburg. Larcher lives in Palos Heights and is the son of Mr. and Mrs. Ron Larcher.

How to hide the fact that you're away on vacation.

You could ask your next-door neighbor to come in and switch on a lamp. But that's tough on him if you live in the country. And if you live in the city, you may not even know your neighbor. Besides, who'll turn it off?

Install an electric timer instead. Even better, install several. By now an average burglar is wise to the lamp that goes on at dusk and goes off at bedtime. Especially if the performance is confined to one room

and lasts two weeks. It will take him much longer to figure out the living room lamp and the TV or radio going on at dusk and off at 10:40. And the bathroom light switching on from 10:30 until 11:00. And the bedroom reading lamp from 11 until 11:20. And if the kitchen overhead switches on at 2 a.m. for 15 minutes, he'll never figure it out.

Added advantage: this tricky timing uses about the same amount of electricity as one steadily burning lamp.

And for extra area protection anytime, an electric eye to light up your yard automatically from dusk till dawn, so you can see everyone who approaches your home.

Give your neighbor a break and just let him collect the mail and read your magazines.

Which Would You Rather Save . . .
Two Minutes — or Your Life?

"I don't know how it could have happened!" That's what most accident victims say, if they're lucky. This vacation season, make sure it doesn't happen to you. Remember, the urge to cover more miles faster often leads to a dead end. Obey the rules of the road . . . observe speed limits . . . keep alert . . . look out for other drivers. Before you go, thoroughly check your car to make sure it's in top condition. Take care . . . and enjoy your vacation.

Every year VW's race on the Baja. Every year they win.

Every year VW's race in the Mexican 1000. Over some of the roughest terrain in the world. The Baja Desert. Against all sorts of competition. And the VW's have finished first. Five times, in five consecutive years.

We're celebrating these victories with the Baja Champion SE. A limited production Super Beetle with special features.

- Like silver metallic paint.
- Special sports wheels.
- A special plaque and certificate.
- An optional leatherette interior as standard equipment.
- And the same type of rugged construction and dependability that beat the Baja.

And for all that, it only costs a little more than a regular Super Beetle.

Like we said, The Baja Champion SE is a limited production car. We don't have many. So come in soon. Look over the Special Edition Beetle. And any other VW that catches your eye. They're all made as if they were going to the Baja.

We're celebrating with the Baja Champion SE. COLE VOLKSWAGEN

**Happy Holidays?
Maybe not,
if you're short
a car. Let us help!**

Are visitors coming for the holiday? Kids coming
home from school? Car in for service?

Just a few of the many reasons you can have for being short
of a car when you need it most. Almost every one-car and
even two-car families have those times when another car is
a must. If it's another car you need—for whatever the reason—
tell us what you want and we'll see that you get it.
... at our special holiday rates, which begin \$7.00 per
day and 7¢ per mile.

You'll be pleased with the service and with the price.

Thieves hammer way into store

Oak Forest Police

June 17 — Police reported a car apparently ran into the door of a first floor apartment at 4828 W. 157th St.

June 17 — A door window was broken in the William Fierke School, 6535 W. 155th pl.

June 18 — Lynn Koch, 11, of 15100 Spruce, was bitten on the left thigh by a dog. She was treated by a private physician.

June 18 — Lori Lauffer, 5, 15207 Kilpatrick, was bitten by a cat. She was bitten on the head, neck, back and arms. The girl was treated at South Suburban Hospital and released. A police officer was attacked by the cat while trying to capture it, but finally captured the animal.

June 19 — A battery was stolen from a car at 15928 Le Claire.

June 19 — Police reported a TV set taken in a burglary from 15941 Laramie.

June 19 — The battery cables on a car were cut at 16000 LeClaire.

June 19 — Police reported a burglary at the Capitol Service Store, 15500 S. Cicero. The store was apparently entered by knocking a hole in a wall with a sledge hammer. A hole was also knocked in the floor of the building which was resting on cement blocks. The store's safe was broken into. Taken

from the safe was an empty zipper bag, and envelope containing \$10 and \$50 in cash.

set 200 coffees

TINLEY PARK — Some 200 coffees have been scheduled by the Citizens to re-elect Leland Rayson. Mrs. Linda Lark, 23 Krotiak, Park Forest, has been named coffee chairman and she will make arrangements for the informal gatherings.

Mrs. Lark said, "These coffees, usually held in a neighbor's home, are the best way to evaluate State Representative Rayson and his legislative record."

The first coffee was held at the home of Dr. and Mrs. Wayne Anderson, 45 Apple Lane, Park Forest.

The Rayson coffees will be held in precincts in Rich and Bremen Townships and portions of Thornton, Orland and Bloom Townships where the 9th District lines are drawn.

PARK & SHOP WILL BE OPEN JULY 4th. TIL 12:00 P.M.

America did not become the greatest country on earth without the millions of people who proudly took part in its building. America is made up of industry, technology, and land. But most of all America is people. So celebrate America—not just on special days, but every day—by taking pride in its building and in the people who continue building it every day. A salute to America is a salute to yourself!
